

YOUR WAY WITH SINNERS

Intro: F C G Am

Verse 1

Surely from birth my sins are more, than the hairs on my head,
my guilt so deep it overwhelms, a heavy load I cannot bear

With jealous fire, my inmost parts, Your Spirit probes,
You hem me in, these bones You crush, by Your arrows I am brought low

The serpent mocks, that ancient foe, as You put me to the test,
His finger points, his venom drips, His accusation means my death

But even so, I'll look to You, O God Most High,
For though I'm dressed in filthy rags, You've paid a ransom for my life

Chorus

O my God don't put me to shame, though You bring the rod, I will trust Your name
For even though my sin is great, a heart that's Yours You will vindicate
And in the end, when Your work is done I will see the face, of Your Holy Son
With my flesh renewed, and my joy complete, You will crush my foe under Your feet

YOUR WAY WITH SINNERS

Verse 2

F C G Am
So even though my heart is dark I will come into the light
F C G Am
As I cry out to my high priest, You will come and purify
F C G Am
As I appeal, to my great King, for a conscience clean and white
F C G Am
I'll make my boast in Your cross in Your eternal sacrifice
F G Am C
Enthroned on high, You mediate Your covenant of life
F G Am C
My enemy by love disarmed, because You paid the price
F G Am C
So I will seek the Holy One while You may yet be found
F G C G
This is the ark that I will build until the day when You come down!
